## PREWAR PRICES BELIEVED TO BE NEAR

**DOWNWARD TREND IN PROSPECT;  
FORD CUT CAUSES FLURRY IN  
AUTO WORLD AND OTHER  
DROPS BELIEVED TO BE NEAR.**

The outstanding event of the week in the opinion of many is the announcement of Henry Ford that the prices of all products of the Ford Motor Company are to be cut from 17 per cent to 31 per cent. With a promptness and thoroughness characteristic of the movements of Mr. Ford, the cut, announced in Detroit Tuesday, was put into effect in every part of the United States Wednesday.

In announcing the cut, Ford said: "The war is over, prices must come down. There is no sense or wisdom in trying to maintain an artificial standard of values. For the best interests of all, it is time that a real practical effort was made to bring the business of the country and the life of the country down to normal."

"Inflated prices always retard progress. We had to stand it during the war, although it was not right, so the Ford Motor Car Company will make the prices of its products the same as they were before the war."

For many weeks there has been a downward trend in prices in many lines, including clothing and food-stuffs. In Chicago Tuesday a thousand members of the Retail Clothiers' Association heard Frederick Levy, their president, deliver an address in which he declared that "Clothing prices must and will come down. They are now too high." The prices of wool and silk are at low ebb.

In food the price slump is being led by sugar, which in the course of a few weeks has dropped 11 cents a pound.

In automobile tires there has been an inclination downward noticeable for several weeks and with rubber now selling at very low figures and with the bottom entirely out of the leather market, it seems certain that tires and boots and shoes are due to hit bedrock by next summer. There has been little fall in shoe prices as yet, but shoe merchants are admitting that there is such a possibility soon.

Ford's drastic cut in the price of his machines was followed next day by an announcement from the Franklin factory of a substantial cut in the prices of Franklin cars. Although several other factories hurriedly declared they had no intention of reducing the price of their cars, there is strong indication that the drop in Fords and Franklins covering the fields of the low and medium high-priced cars will have an irresistible tendency to drag down the prices of other automobiles.

### JACK REEVES TO FIGHT IN SAN FRANCISCO TONIGHT

Jack Reeves, South San Francisco pugilist, from whom his local friends as well as sporting authorities the country over are confident is the coming champion of the middleweight class, is the possessor of a mighty punch. Ask Sharkey, he knows. Reeves has been in town the last week training for his bout with K. O. Krouvsky at Dreamland Rink. When he arrived, none of the local artists of the gloves showed any inclination to train with him because of his reputation as owner of a punch that would lay away a mule. At last Art Sharkey, who is some hitter himself, being champion of the county, put on the gloves with Reeves, with the result that Sharkey had to make a trip soon afterward to see Dr. T. C. Doak. Sharkey was found to have sustained internal injuries, and Dr. Doak ordered him to leave the gloves alone for at least two weeks.

Many local fight fans are planning to make the pilgrimage to San Francisco to night, and are satisfied they will see Krouvsky laid on the shelf. Reeves recently won a sensational twelve-round battle in Tulsa, Okla., from George Chip.

## Wooting Welcome to King and Queen of Roumania

Charming maids of Campeni in Transylvania welcome the king and queen of Roumania with these long wooden horns which, in volume of "tooting," far surpass our American "musical" instruments of the same nature.

### SPEED MANIAC GETS HIS AT REDWOOD

**San Francisco Man Fined \$100 and  
Given Ten Days in Jail.**

Justice of the Peace Ray Griffin, who holds court at Redwood City, has no patience with those who by traffic law violations endanger their own lives and those of everybody near them on the highway. This was proven last Friday afternoon when Merch Winter of San Francisco, a commission merchant, appeared before his honor for staging an auto race on the highway one Sunday recently in company with Baptiste Toso, another San Francisco man. Winter pleaded guilty of the charge lodged against him by Traffic Officer James B. Logan, and Judge Griffin handed him a fine of \$100, together with ten days in jail. The highway was crowded with machines at the time the race was run, and in passing sentence Judge Griffin read Winter a scathing lecture. Officer Logan testified that the two machines were traveling at a rate of fifty miles an hour. There were seven other persons in the car with Toso, while Winter had his wife and two children in his car.

Toso also appeared before Judge Griffin, but pleaded not guilty. His trial was set for next Tuesday and he was put under \$500 bail.

### PRESIDENT BARROWS URGES ADOPTION OF AMENDMENT 12

Speaking in Burlingame Monday night, Dr. David P. Barrows, president of the University of California, urged the adoption of amendment No. 12 at the November election. This amendment provides for the levying of a tax of one and two-tenths mills per dollar of valuation on property included in general county taxes. This tax is to raise funds for the university. President Barrows told of the keen need the great institution is facing for lack of funds and urged every voter in his audience to help adopt amendment No. 12.

### JAILER WM. HOGAN RESIGNS TO ENTER BUSINESS WORLD

The county jail has a new keeper, William F. Hogan, deputy sheriff and county jailer, having recently resigned from the office. His resignation was tendered to be effective immediately, and James P. Coleman, formerly chief of police at Redwood City, has been appointed to the place. Hogan has been deputy under Sheriff Sheehan as well as jailer for about five years. It is reported he intends to go into the plumbing business.

### MRS. PECK ENTERTAINS EPISCOPAL SEWING CIRCLE

The sewing circle of the Episcopal church was entertained at the home of Mrs. E. C. Peck recently. Luncheon was served and the members of the circle spent the afternoon sewing. The Ladies' Guild of the Episcopal church is planning for a bazaar early in November.

### INNKEEPERS TAKEN FOR SELLING LIQUOR

**Coastside Resorts Raided by Federal  
Officers and Liquor Seized.**

As a result of a raid by prohibition officers last Friday afternoon, the proprietors of El Granada Hotel, The Hermitage, Rockaway Beach Hotel, and Halfmoon Hotel all appeared Monday before Federal Commissioner Francis Krull in San Francisco, and were held to answer to the United States district court on a charge of violating the national prohibition law. The hotel proprietors were each held in \$1000 bonds with the exception of the owner of the Granada, whose bond was fixed at \$500.

The officers who made the raid stated that a large quantity of liquor was found at each resort, but the hotel men declare that only a small amount was found, and at the Granada only three bottles of wine. The prohibition officers stated that two trucks were required to take away the liquor seized and that then some had to be left behind, as there was so much it could not all be taken away.

### L. PICASSA GETS DAMAGES IN JUDGE SMITH'S COURT

Judge Smith has rendered a decision in the case of L. Picasso vs. F. Stefan, giving Picasso, the plaintiff, damages in the sum of \$136.52. The suit grew out of an auto collision on the highway near Tanforan one foggy night in January. F. Stefan was on the wrong side of the road and Picasso ran into him, damaging Picasso's machine. The sum asked was \$176.52.

### REPUBLICAN CLUB PLANS MEETING AT CITY HALL

The South San Francisco Republican Club is planning to hold a meeting at the city hall next Wednesday night. The club was organized Tuesday night of last week and already a large number of local Republicans have enrolled as members. The meeting Tuesday night will be to afford several committees an opportunity to report progress and to lay further plans for work during the coming campaign. All interested in the election of the Republican candidates are invited to attend this meeting.

### SO. S. F. GIRLS' TEAM DEFEATS SAN MATEO GIRLS

The girls' team of basketball players from the local high school went to San Mateo Thursday and defeated the girls' team of the San Mateo high. It was a closely contested game, the score at the end being at first a tie, which when played off gave a score of 22 to 20 in favor of the local girls. A return game will be played at the South San Francisco high school next Friday afternoon, starting at 3:30.

Mr. and Mrs. Dan Bortoli, formerly of South San Francisco, had a daughter born September 9th. Mr. and Mrs. Bortoli are at present living at Halfmoon Bay.

### MILL AND LUMBER CO. BID FOR RAILROAD

**Offer to Buy Portion of Road From  
Swanton to Santa Cruz.**

The San Vicente Mill and Lumber Company has made an offer to the State Railroad Commission for that portion of the Ocean Shore railroad which runs from Swanton to Santa Cruz. The amount of the bid has not been made public, but it is believed that a good figure was offered, as the lumber company is anxious to get the road. The lumber concern operates a logging camp in Santa Cruz county, together with a mill, and it needs this portion of the railroad to get its product to Santa Cruz. The final disposition of the remainder of the bankrupt railroad has not yet been decided upon.

### SELLS HOME AFTER LIVING IN SO. S. F. MANY YEARS

Mrs. Nellie Larsen, a resident of this city for twenty-one years, has sold her home on Commercial avenue to Carl Blank of this city. Mrs. Larsen will make her home in San Francisco.

### SCHURK ELECTRIC SHOP MOVES ACROSS THE STREET

The shop of electric supplies owned by C. F. Schurk has moved from its former location at 330 Grand avenue across the street and into the building until recently occupied by the Rafaelli grocery. The necessity of acquiring more room for his rapidly increasing business prompted Mr. Schurk to make the move. Mr. Schurk purchased the electric shop from T. L. Ryan this spring and under Mr. Schurk's care the business has made a big growth.

### FRATERNAL BROTHERHOOD LODGE HOLDS CARD PARTY

The local lodge of the Fraternal Brotherhood held a card party last Friday night that drew out a large attendance. Nine tables were occupied by the card players and a considerable number were present beside those who played cards. Fred Myles was the lucky winner of the first prize, while Mrs. John Phillips captured second prize, Miss Margaret Kauffmann third, and Mrs. A. J. Eschelbach fourth. Refreshments of coffee, sandwiches, and doughnuts were served. After supper the evening was occupied with music and singing.

### MRS. WAELTY ENTERTAINS AFTERNOON WHIST CLUB

The Afternoon Whist Club met with Mrs. W. Waeltly Wednesday. The prize was won by Mrs. L. G. Hardy. Refreshments were served.

### GO TO SHRINER BARBECUE.

Mr. and Mrs. Ed Kauffmann attended a big barbecue given at the Hume ranch near Santa Clara Sunday. There was a large attendance and a sumptuous banquet was served.

## SO. S. F. MERCHANTS TO CLOSE AT 8 P. M.

**Stores to Close Early to Conserve  
Electricity; City Trustees to  
Plan for Tree Planting.**

The merchants of South San Francisco may close their shop doors at 8 o'clock each evening except Saturday, according to several of the local storekeepers who were present at Monday night's meeting of the city trustees. This move is the result of the recent order from the state power administrator that all show window lighting should cease until winter rains start and the present acute power shortage is overcome. The merchants propose as a substitute measure and one calculated to save much more power, that they be allowed to light their windows till 8, then close their stores. W. C. Schneider, A. T. Arndt, and H. A. Cavassa spoke for the merchants, and the city trustees received the proposition so favorably that they instructed City Clerk McSweeney to communicate with other merchants not at the meeting and advise them to fall in line and close at 8 o'clock. So far as indicated at the meeting the 8 o'clock closing will include only dry goods, clothing, grocery, and drug stores. Other places of business such as pool-rooms and soft drink stores may not fall in with the proposition, but in any case will be forced to put out their window lights.

A communication from City Engineer George Kneese stated the factory district sewer was now completed and the sum of \$399.94 due the contractor, C. B. Cowden. Within thirty days the final payment of \$6906.93 will also fall due.

Andrew Hnyding appeared to ask whether the city trustees had made any provision for the planting of trees along the streets next spring. Mr. Hnyding urged that in providing for next year's expenses the city make this provision, and stated that according to carefully made estimates each one thousand trees would mean about \$900 first cost with stakes, and that another \$1000 would have to be provided to take care of planting and maintenance. Mr. Hnyding, Dr. F. S. Dolley, and E. C. Peck spoke upon the benefit to this city of the trees. The trustees are favorably inclined toward the plan of tree planting, and an appropriation will probably be made covering the necessary expense. It is planned to plant a part of the city each year until the entire town is set to trees.

A communication was received from the Pacific Gas and Electric Company, stating that the city would receive a rebate on its contract price for street lighting because of the shutting off of electricity two hours earlier in the morning during the present power shortage. The exact amount is now being worked out by the company's accountants.

City Marshal C. C. Conrad applied for and was granted a ten day's leave of absence from the city.

A number of bills against the city were audited and ordered paid.

### GRACE CHURCH GUILD GIVES SOCIAL AND CARD PARTY

A jolly good time was reported by all who attended the card party and social held at Grace Church Guild Hall Thursday night. There was a good attendance and the early part of the evening was given up to playing whist. After the card playing and supper the tables were cleared away and dancing was included in the evening's entertainment. A feature of this part of the program was the old-fashioned Virginia reel, which occasioned much merriment. The winners of the prizes at the whist tables were Mrs. Henry Haaker, ladies' prize; James McDonald, men's prize; Fred Myles, consolation.

### HAS LEG BROKEN BY SPOOL AT EDWARDS WIRE WORKS

E. Venturi of 316 California street is in the South San Francisco Hospital with a broken leg as a result of being struck by one of the rapidly revolving spools that wind the wire at the plant. The accident occurred Sunday. It was a bad break and Venturi will be confined to the hospital for some time.

## BOARD HEARS ARGUMENT ON STREET

**DISCUSSION OVER OPENING OF  
ARROYO AVENUE, SAN CARLOS,  
IS BROUGHT OUT; NEW MEAT  
ORDINANCE IS LAID OVER.**

Discussion regarding the opening of part of Arroyo avenue at San Carlos occupied the greater part of the meeting of the board of county supervisors at Monday's session. The Mercantile Trust Company has been trying for some time to get this thoroughfare accepted by the county, while several residents of the district are as keen in their determination that the street shall not be opened. Fred H. Drake, representing the company, brought a resolution before the board accepting certain streets at San Carlos. Mr. and Mrs. Fred W. Lippman with their attorney, J. J. Bullock, were on hand to prevent the adoption of this resolution if portions of Arroyo avenue were included.

The portion of Arroyo avenue in question has been occupied for years by buildings erected and owned by Mr. and Mrs. Lippman. A controversy has been going on for some time between the Lippmans and the Mercantile Trust Company over the closing of the thoroughfare, and several months ago the trust company petitioned the supervisors to declare Arroyo avenue a public street. The board, acting on the opinion of District Attorney Swart, refused to grant the petition. Recently a suit has been commenced in the superior court by the Mercantile Trust Company against the Lippmans to compel them to remove the buildings from the avenue.

Acting upon the opinion of the district attorney that the board could not legally accept the street in question and in view of the suit situation, it was decided on motion of Supervisor Brown, seconded by Supervisor Hickey, to lay the matter over without prejudice to any one.

The board officially canvassed the returns of the Washington sanitary election, showing that the proposition had been defeated by a vote of 40 for to 441 against.

Supervisor MacBain was given authority by the board to purchase the necessary lumber for 3500 feet of guard rails on the La Honda road, he stating that he would pay the cost of construction out of his road fund.

The matter of the proposed meat ordinance and appointment of a county veterinarian was laid over until October 4th, in order to give the board time to investigate the number of people slaughtering in the county and the amount of stock killed, so as to be able to fix the inspector's compensation.

### REV. D. STEVENS ORDAINED; RETURNED TO LOCAL CHARGE

The members of St. Paul's Methodist Church of South San Francisco are rejoicing because the Rev. Daniel Stevens has been returned to the local pastorate for another year. This was decided at the Methodist conference for northern California, held at the First Methodist Church of Oakland last week. Another development interesting to members of the local church was that Mr. Stevens was ordained at this conference as an elder of the church.

Special services were held at the conference Sunday, Bishop Adna Leonard delivering the sermon in the morning and Bishop Welch in the evening. A choir of forty singers took part. Mrs. J. E. Sullivan of this city attended the conference as delegate from the local church, with Mrs. A. A. Whitten as alternate. The conference drew the largest attendance of any in recent years.

Those who attended the services Sunday from South San Francisco were Mrs. J. E. Sullivan, Mrs. J. James, Mrs. D. Standley, Mrs. E. Savage, Mr. and Mrs. A. A. Whitten and daughter Mabel, Mrs. D. N. Stearns, Miss Este Coffinberry, and Robert Baldwin.

## JOHNSON PREDICTS HARDING'S ELECTION

Sacramento, Sept. 21.—Predicting an overwhelming success for the Republican party, Senator Hiram W. Johnson addressed the Republican state convention here today. In his speech he predicted that the widespread dissatisfaction with Democratic policies and presidential action would result in a complete overthrow of the present administration and that nothing could prevent the election of Warren G. Harding. Johnson reiterated his statement that Harding had scrapped the League of Nations and that the operation would rally the electorate of America to the candidacy of the Republican nominee. Senator Johnson said, in part:

"I congratulate you upon the outlook for Republican success. So widespread is the dissatisfaction with the present administration, so great the hostility to many of the acts of the president, and so acute the justifiable fear of the metamorphosis of our foreign policy, that apparently nothing can prevent overwhelming Republican success in the November election."

"The indictment brought against Mr. Wilson's government is severe, but warranted by the facts. For the first time in our lives the Democratic administration taught us what repression and suppression were. This administration not only curtailed the constitutional privilege of citizens at home, but endeavored to drive us into perilous paths abroad. Free speech has been threatened, not in the interest of patriotism, but for existing power. A free press has been endangered. A rigid censorship diluted the news, and facts to which all were entitled were forbidden publication, while government propaganda colored and often distorted the information permitted to come to the people. These assaults insensibly bred intolerance, the ancient foe of freedom. The necessary restrictions of war time have been inexcusably prolonged in peace, and our government has strayed far from those fundamental principles upon which, for more than a century and a quarter, the republic has so securely rested."

"When first, in soft and honeyed phrases, the subject was broached, we had become so accustomed to ready assent to every word and act

of autocratic power, that our people enthusiastically acclaimed the League without knowledge of its detail or understanding of its injurious possibilities. The long and arduous debate in the senate finally illumined the subject, and what was originally accepted as humanity's greatest boon was finally seen as the most perilous project which had ever been attempted in the republic. The League of Nations not alone will irrevocably change our foreign policy and involve us in the quarrels and controversies in which we have no concern and from which we have held aloof, but will also seriously affect us in our domestic relations. It becomes, therefore, as both candidates assert and as the president himself has desired, the dominant issue in this campaign."

### COURSING MEET.

Sweet Marie won the Grand Championship Stake before one of the largest crowds of the season. Skyball was the favorite to win this stake but was defeated in the first course by the winner. Chief Multnomah won the Reserve Stake after much hard work. Every race was good and all the hares were fast. For the first time in many weeks the weather was what might be called ideal for this sport. The elimination course for the Grand Championship Stake are as follows: Sweet Marie defeated Skyball, Suisun defeated Steam Belle, Oakland Charter defeated Skookum, Steam Roller defeated De Valera, Lady Jordan defeated Cricketer, McKenna defeated Birdie. Second course—Sweet Marie defeated Suisun, Steam Roller defeated Oakland Charter, Lady Jordan defeated McKenna. Third course—Sweet Marie defeated Steam Roller, Lady Jordan a bye, Sweet Marie defeated Lady Jordan in the final round. Reserve Stake as follows: Girilla defeated Blanchie, Chief Multnomah defeated Black Jack, Oakland Hero defeated Mission Ring, Oakland Fretter defeated Mission Tip Toe, Ukiah defeated Oakland Honey, Smoky Wild Bill defeated Starlight. Second course—Girilla defeated Oakland Hero by default, Chief Multnomah defeated Oakland Fretter, Ukiah defeated Smoky Wild Bill. Third course—Chief Multnomah defeated Girilla, Ukiah drew a bye, Chief Multnomah won from Ukiah.

### LITTLE ADLETS.

Spend your time on ad copy preparation with the positive assurance that the effort will return enormous dividends.

Too many business men have a mental laziness that causes them to take the shortest cut possible in writing their advertisements.

A page of publicity delivers customers through your doors half sold before they arrive and leaves their tinkling dollars in your cash drawer.

Most any advertising has some merit, but for 100 per cent sure results newspaper publicity is king of them all and has always met every demand expected of it.

## UTILITY INCREASES JUSTIFIED

Under the above heading the following article appeared in the San Francisco Daily Commercial News, issue of September 17th:

We respectfully call the attention of all consumers of telephone, electric, water, gas, street railway and other forms of public service to the comparative schedule herein set forth:

"Unjust criticism has been directed at public service commissions in various parts of the country over increased rates allowed for telephone service, electric service, water, gas, street railway, etc.

Justifying the increases granted to public utilities in Kansas by the Kansas Public Service Commission, the accounting department of the Court of Industrial Relations has made a brief survey of the records and makes the following statement, which it is believed is comparatively correct. The increases in living necessities are as follows:

	Per cent.
Forty-seven food articles.....	97
Forty-seven articles of wearing apparel.....	119
Twelve kinds of dry goods.....	200
Twenty-eight classes of house rents.....	74
Eleven kinds of coal.....	70
Wages of common labor.....	150
Other wages, approximately.....	100
Material used in telephones, construction and repairs.....	97
Other material.....	100
Wages of telephone employees.....	100
Telephone rates.....	40
Electric rates.....	50

The statement concluded with the assertion that these figures ought to convince the general public that there has been no profiteering in public utilities.

The figures apply with equal force to all Western States. Rates for public utility service have increased less in proportion than any other commodity of daily use unless it is insurance, which has remained stationary.

## TRUSTEES MEET IN REGULAR SESSION

No Bids Received for Street Work; Sewer Outlet Is Discussed; Building Permits Given.

Considerable discussion occurred while the minutes of the previous meeting were being corrected. Several members of the board of trustees had become confused in the chain of events which led up to previous proceedings, all of which was straightened out to the satisfaction of those involved.

City Clerk Nettie A. Willits' report showed total receipts for the month of \$1424.18; total disbursements, \$9152.54; balance of general working fund, \$8228. City Treasurer Cunningham's report coincided with that of the city clerk's.

City Attorney John F. Davis, through the medium of a written report, brought out distinctly that while the city, through its police powers pertaining to the general health of its inhabitants, could run a sewer outlet over private property, it must keep same in sanitary condition so as not to impair the value of such property. The sewer outlet in question takes care of the southern and central portions of town and empties through a line passing through the Mills estate out on to the marsh, which is also owned by the Mills estate. This has recently been repaired by the city and the present owner, R. H. Smith, and has occasioned considerable discussion as to the city's position. Further action has been deferred until such time as the city may be financially situated to carry out permanent improvements needed to place the same in the best sanitary condition. In the meantime repairs will be kept up as required.

City Marshal William F. Wedell's report for August showed collections from various licenses of \$107 and fines resulting from arrests to the amount of \$255. After a few remarks by members of the board, the report was accepted.

City Recorder J. F. Custer's report showed a collection of \$255 from fines assessed by him during the month of August.

A building permit was issued to Prosper Bou to erect a garage, having a cement floor and concrete walls and stucco finish, for P. W. Knowles. Another permit was issued to Bou to erect a new building for Henry Schmidt. Two other permits were also issued in conjunction with this work to the same contractor, one for the construction of concrete retaining walls, bottom and top on the present creek bed, subject to approval of the city engineer, who must pass on the plans and specifications of the ground plan of same before this work can be carried out. The other permit was for moving the present building from its location to these retaining walls as soon as finished and reconstruct same as necessary and also to remodel the front of the shop.

S. Brittain of Fourth addition was granted a permit to put in a new concrete foundation under his present dwelling.

William Shear was denied a permit to build a chicken coop on his property in Third addition.

Father Heverin was granted a permit to erect a garage on the church property, subject to the condition that all plans must be submitted at the next regular meeting of the board.

Numerous claims were presented and ordered paid.

Mrs. Trenkner of Huntington Park wrote requesting that an electric light be installed on the street on which she is living. The city clerk was instructed to write to Mrs. Trenkner, stating the conditions of the present power shortage and the rules of the power commissioner, which do not permit further installation of lights at present.

Three bids for the Belgrano shack in Third addition were received, as follows: Edward Zilke, \$25; Fred Wedell, \$27.50; J. Callaghy, \$30. Callaghy's bid was accepted.

A communication was received from T. Ahern of the Southern Pacific Railroad Company, stating that the wigwag signal had been installed at Angus avenue crossing and was ready for use. He also pointed out that the fill across the right of way of the railroad company should be as nearly level as possible, as they are planning to lay another line of track alongside the present lines. The city clerk was instructed to write to Mr. Ahern, stating that the matter was receiving the careful consideration of the trustees and that a fuller reply would be sent at a later date. Further action

in this important matter was deferred until the city attorney can collect all the data, petitions to the Railroad Commission and copies of its findings, etc., so as to enable the trustees to be fully informed upon the subject before taking final action. This matter has been hanging fire for the past two years, but from all appearances will be settled in the near future.

Fire and Light Commissioner P. J. Kane reported he had been informed by a representative of the Pacific Gas and Electric Company that the light in Belle Air Park might be installed shortly under present power regulations, but as conditions exist at the present time such installation may be held up until relief comes. He reported that he had not as yet received a reply to his communication requesting that lights be turned on one hour later in the evening and turned off one hour earlier in the morning. The city clerk was instructed to communicate with the electric company and ask if the city would be allowed a rebate from the present rate, in view of the fact that the present power consumption is far below that which the city contracted to pay for, due to the fact that all lights are shut off two hours earlier than usual.

Regarding the placing of an extra chemical tank on the fire truck, Commissioner Kane reported he had obtained some figures and data but was not satisfied with the situation and asked that the matter be deferred for action to a later date, at which time he would be able to have the report of an expert as to the advisability of spending money for further equipment on the present truck. The request was favorably acted upon. He also reported that the fire commission had been unable to hold a meeting so far this month, but expected to be able to have a report from them at the next meeting.

No bids for the street improvement work were received at this meeting, although the matter was thoroughly advertised. The general conditions of the money market, the high cost of materials and the refusal of bond brokers to buy bonds at present, is said to be the cause of lack of bids. These conditions are general throughout the nation. Mayor Grundy told the other members of the board he had been informed by financial men that failure to pay previous improvements and the allowing of the same to run delinquent has done much to impair the credit of the city. He stated that "every one must put his shoulders to the wheel and help to improve the present situation." Under the existing laws this project may be advertised again within six months without having to go through with the preliminary proceedings again. The matter was therefore held in abeyance and will be brought up later.

The request of the city marshal that a motorcycle be furnished him has been put over until after the rainy season.

The applications for poundmaster have been laid aside for the present, as other satisfactory arrangements have been made.

The board of health was instructed to take up the matter of a shack in Fourth addition, now being used as a dwelling, and take whatever action necessary to make the owner comply with existing city ordinances.

Under public discussion Patrick J. Sullivan addressed the board of trustees regarding the failure to receive bids for the improvement work and the disappointment resulting therefrom, and expressed his opinion that the general market conditions throughout the nation had more to do with the failure to receive bids than did the delinquent payments on previous improvement work. He also stated he had been the recipient of many inquiries of late regarding the purchase of property here, but that these were being held up due to the fact that it is impossible at present to borrow money. He also stated these inquiries would tend to show that while there were delinquencies in payment of assessments, they did not affect people desirous of locating here.

Mayor Grundy stated "that though we are disappointed in not receiving bids for this work, and thus are deprived of improved streets to start the coming new year off with, we are not disheartened." He further remarked that this work would be carried out at the next favorable opportunity.

## THE AMERICAN RED CROSS IN PEACE TIME

There remain in army hospitals throughout the country more than 26,000 soldiers still being treated for wounds received overseas. Red Cross workers give them the same sort of friendly aid—only more of it—that was given during the war. Furthermore, the Red Cross is teaching these lads occupations at which they can later make a living and is keeping in touch with their home folks in order that no dependents may suffer for lack of funds.

## THE AMERICAN RED CROSS IN PEACE TIME

Boys and girls who learn early to take proper care of their teeth, throats, eyes, ears and stomachs, have made a long step toward healthy manhood and womanhood. Through its public health and nursing services, the American Red Cross aims eventually to reach all school children with teachings regarding disease prevention and health promotion. Here's a school nurse treating a little girl for sore mouth, at the same time implanting a valuable lesson in teeth-brushing and proper diet.

The pathway of honor lies in front of every man, but he can not expect others to be continually pointing it out to him.

#### GOOD FOR HENRY.

Henry Ford has announced that pre-war prices are to be put into effect on all products of the Ford factories, stating that "Now is the time to call a halt on war methods, war prices, war profiteering, and war greed."

Fine, Henry; we're for you strong! May the shadow of your efficient little gas buggies never grow less. You are setting a good example to the other fellows who have the commercial world by the throat, and if they have even the commonest of common sense they will take heed, for the handwriting on the wall is clear that the people have about reached the limit of their patience so far as high prices are concerned.

Henry Ford was one of the first to set a high standard of wages in his factories; now he is one of the first to set as low a standard of prices as the traffic of manufacturing costs will bear.

By ginger! Henry is a fine fellow, he's "all right." Now if he will find a substitute for gasoline and refuse to sell his invention to the oil kings we'll agree to forget even that peace ship.

#### NEARLY NINETY YEARS AGO.

There are persons who constantly clamor. They complain of oppression, speculation and pernicious influence of accumulated wealth. They cry out loudly against all banks and corporations and all means by which small capitalists become united in order to produce important and beneficial results. They carry on mad hostility against all established institutions. They would choke the fountain of industry and dry all streams. In a country of unbounded liberty, they clamor against oppression. In a country of perfect equality, they would move heaven and earth against privilege and monopoly. In a country where property is more evenly divided than anywhere else, they rend the air shouting agrarian doctrines. In a country where wages of labor are high beyond parallel, they would teach the laborer that he is but an oppressed slave.—Daniel Webster in the senate in 1833.

One might almost think that Daniel Webster was referring to the Non-Partisan League, I. W. W., or Bolshevik agitators which are disturbing our own country and the world today—but they merely traveled under different names ninety years ago.—Industrial Review.

If you are able to name the wise men of this town it is an indication that you are one of the number.

Opportunity greets you, hesitates, and turns to the man who beckons. Your procrastination is your loss.

If you simply must let off steam by finding fault with some one, begin on yourself. You may convince yourself that it is true.

#### NOTICE INVITING SEALED PROPOSALS FOR FURNISHING AND INSTALLING OF ELECTRICAL FIXTURES IN THE CITY HALL OF THE CITY OF SOUTH SAN FRANCISCO.

Sealed proposals will be received by the Board of Trustees of the City of South San Francisco until eight o'clock p. m. on Monday, the 27th day of September, 1920, for furnishing and installing electrical fixtures in the City Hall of South San Francisco, in the County of San Mateo, State of California.

All material and all work must be in strict compliance with the plans and specifications adopted by the Board of Trustees of the City of South San Francisco on the 8th day of September, 1920, and now on file in the office of the City Clerk. The successful bidder shall, within ten (10) days, after the award, enter into a contract with the City of South San Francisco for the faithful performance of the work to be done under said award.

Specifications may be examined in the office of Werner & Coffey, architects, Humboldt Bank Building, San Francisco, California.

All proposals must be accompanied with a certified check upon a solvent bank of the State of California, payable to the City of South San Francisco, in an amount not less than ten (10) per cent of the aggregate of the bid, upon the condition that if the proposal is accepted and the contract awarded, and if the bidder shall fail and neglect to execute the contract and give the bonds required the sum mentioned in said check shall be liquidated damages for such failure and neglect, and shall be forfeited to and paid into the treasury of the City of South San Francisco. The bidder to whom is awarded a contract will be required to execute a bond for the faithful performance of his work in an amount equal to twenty-five (25) per cent of the amount of his undertaking, with at least two (2) responsible sureties or contractors, to be bid each, and will also be required, before entering upon the work, to furnish a good and sufficient bond as required by an act of the Legislature of the State of California, approved May 10, 1919, entitled "An act to secure the payment of the claims of persons employed by contractors upon public works, and the claims of persons who furnish materials, supplies, teams, implements or machinery used or consumed by such contractors in the performance of such works, and prescribing the duties of certain public officers with reference to exhibit to said Board of Trustees a policy of insurance showing that said bidder is insured against loss through accident or negligence, in such a way as to satisfactorily protect said City of South San Francisco under the provisions of the 'Workmen's Compensation, Insurance and Safety Act of the State of California.'"

The contract must be entered into in compliance with and subject to the conditions imposed by Section 653c of the Penal Code of the State of California.

Sealed proposals or bids will be received by the City Clerk on or before eight (8) o'clock p. m. on Monday the 27th day of September, 1920.

All sealed proposals or bids will be opened by said Board of Trustees in public session on Monday, the 27th day of September, 1920, at 8 o'clock p. m. in the Court Chamber of said Board. The Board of Trustees hereby reserves the right to reject any and all bids.

By order of the Board of Trustees of the City of South San Francisco, dated September 8th, 1920. DANIEL MCWEEENEY, City Clerk.

This is to certify that W. M. Roberson and A. R. Brady had commenced doing business at the date hereof in the City of Daly City, County of San Mateo, State of California, and intend to continue doing business in said Daly City under the name and style of "Crocker Repair Shop."

That their names in full and their residence as set against their names, are as follows:

## PRACTICAL RECIPES

Pickles possess little food value but they add zest and variety to a meal. They are the jazz element in the culinary world and as such are well worth the time and money the housekeeper expends in the making of them. Now is the time to lay up a supply for the winter, and below are given some pickle recipes recommended by household specialists of the United States Department of Agriculture.

Dill pickles are made from fresh or salted cucumbers (the former are choicer, but the latter have better keeping qualities). Employ pickled dill seed or herb and "dill spice," composed of allspice, black pepper, coriander seed, and bay leaves, in addition to the brine.

Soak 100 cucumbers in a 30-degree brine (about 15 ounces of salt to 6 quarts of water) until the brine will give an acid test, i. e., turns red when tested with litmus paper (which may be bought at a drug store). Drain and arrange in layers in a crock, putting in a layer of cherry or grape leaves first, then the cucumbers, then a few cloves, the dill, a few small pieces of red pepper, and then the leaves. Continue until the crock is full. Cover with the brine which was drained off and to which has been added one-half cup of mustard seed.

one-half cup of horseradish, and one-half cup of salt. Cover with a light weight and seal airtight with paraffin for winter use.

### Tomato Relish

Scald and skin 15 ripe tomatoes. Pare, core, and cut into small pieces 6 sour apples. Peel 5 medium-sized onions. Chop all of these very fine, using a food chopper, if you have one. Put into a large saucepan with—  
2 level tablespoonfuls of salt.  
3 green peppers or 1 level teaspoon of black pepper.  
1/3 teaspoon of cayenne pepper.  
1/2 pint of vinegar.

Bring to a boil and boil slowly one and one-half hours. Remove the vessel from the stove, put the relish into scalded jars or bottles, and seal while hot. This is mild and delicious when served with meats, oysters, or vegetables.

### Tomato Catsup

Use ripe tomatoes. Cut in half, cook thoroughly, strain through colander or sieve. To one gallon of this strained pulp add 2 tablespoonfuls of salt, 1 of pepper, 3 of sugar, 1 of powdered mustard; 2 pods of red pepper, sliced and with seeds removed; and a small muslin bag containing 1 tablespoonful of whole allspice, 1 of bits of cinnamon bark, 1 of peppercorns, and 1 of whole cloves. Boil rapidly for about two hours or until thick; then add two cups of vinegar, boil again if necessary to thicken further, after taking out the spice bag. Pour into scalded bottles and seal while hot with new corks. One-half cupful of chopped white onions may be cooked with the tomato pulp if desired.

### HOME-MADE GRAPE JUICE HAS VARIOUS FLAVORING USES

Wise housekeepers can have plenty of grape juice for use not only as a beverage but as flavoring in various tempting desserts. The following directions for making it are given by the United States Department of Agriculture:

Only clean, sound, well-ripened but not overripe grapes should be used. These may be crushed by a potato masher or some similar implement, or the juice may be pressed out in an ordinary cider mill. Pour immediately into a glass or enameled vessel and allow it to stand overnight. Drain the juice from the sediment and run through several thicknesses of clean flannel. Pour into clean bottles, leaving space at the top for the liquid to expand when hot. Put bottles on a false bottom in a wash boiler, if no commercial pasteurizer is available; fill boiler with water to within an inch or so of the tops of the bottles. Place a thermometer in one of the bottles and heat until the juice reaches a temperature of 180 degrees; then take the bottles out and seal or cork them immediately. Only new corks that have been soaked for thirty

## September Forecasts the Mode

A NEW chapter in the story of hats begins with September, for this month properly ushers in the autumn styles. Its bright, placid days bring out between-seasons millinery belonging neither to summer nor to winter, but forecasting the brilliant end of the year. Milliners agree upon fabrics for making between-seasons hats, choosing those that belong to any time of the year, not the sheer things of midsummer or the heavy, warm-looking winter materials.

For this particular September they have taken duvetyne, satin, taffeta, materials that resemble hatter's plush and ribbons, and occasionally put with them some plain velvet in making up many lovely hats for fall. Decorations include ostrich feathers, wings, feather and ribbon ornaments, but, above all, elaborate embroideries in rich shades and narrow ribbons in vivid colors. Brown and tones that harmonize with it appear often enough to convince one that among quiet colors brown will stand with navy at the head of the column of favorites. Those yellows that make the glory of nasturtiums, and a reddish brown, called "rust," are combined with many dark shades in other colors.

There are many off-the-face shapes in medium-sized hats, and narrow brimmed hats for early wear. Among the showings wide-brimmed satin or taffeta hats with dashing lines have

either flaring or upturned brims.

Four very practical hats in the attractive group above portray four different shapes that may be relied on to be becoming—which is the chief end of millinery. One of them is of duvetyne with upturned brim faced with satin in a light color. A curling spray of feathers monopolizes the brim, springing out of the facing at the left front and curving over the brim edge. Just below it a square-crowned sailor shape is covered with duvetyne and faced with velvet in a darker color. Duvetyne makes the collar about the crown ending in a bow with small covered balls at the ends of the folded material. The hat at the right is also a duvetyne in dark blue with embroidery in rust-colored silk. Taffeta is responsible for the little brown hat at the bottom of the group with plaited ruche about the edge and band of pale-gold ribbon about the crown. The same pale shade makes a good report of itself in the facing. There are many color combinations to choose from and veils add their flattering bit to the excellent effects that color and line make possible.

## "Of Such is the Kingdom of Heaven"

Inside the great brass statue of Moloch a roaring fire was built on holy days.

And into the seething arms of the pitiless god mothers hurried their screaming infants.

In the South Sea Islands, when either parent died, the children were slain and buried also, to wait the parent in the other world.

In China the girl babies were drowned; in Greece they were exposed upon the bleak and bitter mountainsides.

And even Socrates, the greatest of the Greeks, saw nothing in the practice to condemn.

Thus the ancient heathen world treated its babies.

Who was it that changed the world's thought about children? Who made them the most important citizens of the world?

Jesus of Nazareth. It was He who said "Suffer little children to come unto me and forbid them not."

He gave them the proud privilege of being His friends.

In every age His Church has been the champion of childhood. Dathaus, a Christian Bishop, founded the first orphan asylum. All the laws for the protection of children have their roots and their security in His Church.

FA OFFERTE A OCEAN  
SHORE RAILROAD

La San Vincente Mill and Lumber Co., la quale tiene un campo di legname ed una segheria in Santa Cruz ha offerto alla commissione ferroviaria di comprare una parte della ferrovia di Ocean Shore da Swanton a Santa Cruz.

La compagnia vuole questa parte di ferrovia per trasportare il suo legname a Santa Cruz.

L'ammontare della somma offerta non fu fatto pubblico.

La commissione sta ora considerandola.

LO STATO CRESCIUTO  
DI UNA META' NEGLI  
ULTIMI DIECI ANNI

L'ufficio del censimento di Washington ha reso noto che la popolazione della California e' ora di 3,426,536, cive' un aumento del 44.1 per cento in un periodo di dieci anni, cive' datando dal censimento del 1910.

Il numero esatto per tutti gli altri stati non e' stato ancora annunziato, ma tuttavia si crede che l'incremento della popolazione in California sia il piu' grande di tutti gli stati dell'unione.

I MERCANTI CHIUDERANNO I  
NEGOZII ALLE ORE OTTO

I mercanti di South San Francisco chiuderanno i loro negozi alle ore otto di sera stando ad un piano stabilito Lunedi sera alla riunione dei Trustees.

Diversi mercanti attesero all'adunanza e si dichiararono meglio disposti a far questo per risparmiare elettricit' durante la presente scarsita' di forza, che chiudere la luce delle loro vetrine.

Andrew Hynding si presento' davanti i trustees e chiese che fossa appropriato danaro per la piantagione di alberi lungo le vie della citta'.

E' calcolato che per comprare 1000 alberi piantarli e tenerne cura fino a quando possano essere grandi da non aver piu' bisogno di coltivazione, possa costare la somma di \$2000.

Probabilmente del danaro sara' messo da parte per questo motivo, dato che gli alberi sarebbero di grande assetto per la citta'.

TENUTI PER VIOLATORI  
DEL PROIBIZIONISMO

I proprietari di Granada Hotel, Rockway Beach Hotel, Hermitage e Halfmoon Bay Hotel, tutti sulla costa nella contea di San Mateo furono arrestati per violazione alle legge proibizionista.

L'arresto avvenne Venerdi sera per mezzo di ufficiali federali ed i suddetti rapportarono che grande quantita' di liquori fu pure confiscata.

A ciascuno degli arrestati fu dato un'inchiesta davanti il Commissionario Federale Francis Krull in San Francisco Lunedi ed ognuno dovra' rispondere alla corte distrettuale degli Stati Uniti.

La cauzione di ciascuno fu fissata a \$1000 eccettuata quella del proprietario del Granada, il quale fu lasciato sotto cauzione di \$500.

## ADDITIONAL SAN BRUNO NOTES.

(Continued from page 3.) friends last Friday evening. A very enjoyable evening was spent by all who were there. A beautiful casserole was presented to the young couple as a remembrance of their friends here. The occasion for this party was the fact that Mr. and Mrs. Sharf intend to move to Los Angeles and make their home there in the near future. The party broke up with the singing of "Auld Lang Syne."

P.-A. ASSOCIATION MEETING  
DISCUSS LOCAL NIGHT SCHOOL

One of the best-attended and most interesting meeting of the Parent-Teacher Association was held at the Northbrae school Tuesday afternoon. Several important questions were taken up and discussed and more plans made for future work. Mrs. Marshall, a new resident of San Bruno, spoke at length upon cafeteria work and the advantage of having a school nurse. Mrs. Marshall has had much experience in school questions and P.-T. A. work in southern California, and speaks authoritatively. G. C. Hudgins, vice-principal of the San Mateo evening high school, spoke in behalf of the San Bruno evening school, a branch of the former. He urged that a greater interest be taken by every one in making the night school a permanent asset to San Bruno. Mr. Hudgins also brought out the fact that new classes will be organized in any of the branches desired immediately upon five people asking for any one subject. One of the suggestions he made was that a class for dressmaking could be organized in conjunction with the night school. A teacher will be sent to San Bruno for a dressmaking class as soon as five or

more pupils have signified their desire for such a class.

This school is absolutely free and should be much better attended. All books are furnished free of charge and here are no tuition charges. Classes for foreign citizens who wish to learn the English language or perfect themselves in citizenship will also be started. This school is for adults and young people alike.

Principal C. P. McCuen spoke at length on tentative plans for the improvement of the present high standard of scholarship in the schools here and also for the improvement of the playground apparatus. Mr. McCuen is now organizing various athletic teams, and only those who are able to meet scholarship requirements are eligible for membership on these teams. Sportsmanship is another of the requirements also.

Much interest was evinced in the contest among the various rooms for the party to be given to the room having the greatest number of mothers in attendance at the regular meeting. Miss Jones' room led this month, having fourteen mothers present. Friday afternoon (today) the members of this room are being given a party at the Edgemont school as a reward for their efforts. These parties are to be made a feature of this school year and will be made something for the children to work for and remember. The next meeting will be held at the Edgemont school Tuesday, October 19th, at 2:30 p. m.

### Rush of Bachelors to Europe for Wives

WASHINGTON.—America, only nation in which men outnumber women, now is supplying husbands for women of Europe, where there are not enough males to go around, reports to the immigration bureau indicate.

Approximately 343,000 persons, mostly men, sailed from the United States in the year ended with June, according to reports to Commissioner General Caminetti of the immigration bureau.

"Large numbers of the men left to get married," said Caminetti.

Furthermore, single European women and women widowed by the war are rushing to the United States in the hope of securing husbands, reports

gathered from reliable sources indicate.

"A majority of the immigrants to the United States are women," Caminetti said. Immigrants totaled 605,000 during the year. Women greatly outnumber the men in England, France, Italy and in nearly all European countries. This is partly a result of the war. After the armistice thousands of English women sailed to Australia and other colonies, numbers of them frankly stating they were going to find husbands. Some had become engaged to Australian soldiers on leave in England during the war. Others said they hoped to be married in Australia."

In the United States men have always outnumbered women. The 1910 census showed there were approximately 2,000,000 more men than women fifteen years of age or over.

The number of single men outnumbered single women by more than 5,000,000. Now the discrepancy between the sexes is far more pronounced than in 1910, the present census is expected to show.

Bachelors in the United States total more than 25,300,000. It is estimated, while spinsters probably do not exceed 19,500,000.

### This Piece of News Is Important If True

WHEN Senator Lawrence Y. Sherman of Illinois was practicing law in Macomb, Ill., he lived for a time at a hotel there that was endeavoring to maintain certain standards of class and tone. Summer came, with its openwork shirtwaists, humidity, resort folders and sleeping-under-blanket flairs. The dining room in the hotel got the noonday sun, and Sherman's table was in a particularly hot part of the room. He found himself thoroughly uncomfortable with his coat on, and so he removed it, one noon, and hung it over the back of his chair.

The shirt he thus exposed may not have been as natty as those shown on young men who ride in motorboats in the shirt and collar advertisements, but it was clean and the colors were conservative. Within a moment or two after Sherman took off his coat, however, the proprietor of the hotel went to him and told him in a low tone that eating in one's shirtwaists was contrary to the pomp and dignity of the establishment.

Sherman glared at him and stated that men in shirtwaists are, for the most part, the tollers and represent the bulwark of this great nation.

To this the proprietor merely smiled tentatively and declared that while all that Sherman said might be true,

yet shirtwaists didn't go in the dining room of his hotel.

Then Sherman issued an ultimatum. He said he would finish his meal in his shirtwaists unless stopped by the police, and that in future, if the objection continued, he would eat at another hotel or on a street corner—that in any event he would not wear a coat again at mealtime until September 15.

And as soon as he had finished Sherman went out in search of a hotel where shirtwaists were not barred. When he had found one, Sherman made up his mind that he would give the proprietor no cause for regret. He resolved to make himself just as neat and attractive as possible. So he went straightway to a notion store and bought himself the finest pair of nickel-plated, coiled wire sleeveholders they had in stock.

### Uncle Sam "Counts Noses" of His Seals

THE annual census of the seals, now being taken by the bureau of fisheries, is expected to show about 600,000 of the animals, or three times as many as when the government undertook the custody of them a half score years ago.

Although the seal spends much of its life at sea, its habits make the census taking comparatively easy. Hugh M. Smith, commissioner of the bureau of fisheries, explains the "count of noses" is of importance to prevent "blind killing" of the animals for their fur, possibly resulting in their extinction.

Under present government control, Mr. Smith asserts the seals are increasing about 10 or 12 per cent in number annually. Last year's count showed 550,000, of which 26,000 were killed for their pelts.

In the middle of Bering sea, lying 40

miles apart, are two islands—St. George and St. Paul—the only land to which the seals ever resort. Every spring they visit the islands to raise their young, leaving in the fall to winter in the north Pacific, and it is during the summer that the census is taken.

The killing of the animals is also done in the summer, this under law being confined to the surplus males. Last year lack of labor resulted in 10,000 fewer animals being killed than government officials had planned. Japan and Great Britain, along with the United States, share the revenue produced from the seal kill, a treaty giving this country 70 per cent of the animals, with the other two countries each receiving 15 per cent.

"In the old days," says Mr. Smith, "when 100,000 seals were being killed annually the government obtained \$10 a skin, while now we are getting \$140, which nets us about \$120 a skin. Increase in the value of furs and the different method of conducting the business explains this."

Besides the sale of pelts, the government is operating a fertilizer plant on the islands for disposing of the carcasses, from which there also is extracted an oil used for dressing tops of automobiles.

When the Cake Spoke.

"Are you still bothered with the awful Boreum family coming to dine with you every few evenings?" asked a neighbor.

"Oh, no; they finally took the hint."

"What did you say to them?"

"Oh, nothing was said. But we served sponge cake every time they came."

## THE AMERICAN RED CROSS IN PEACE TIME

Junior Red Cross

About 12,000,000 boys and girls, composing nearly half the school population of the United States, are members of the Junior Red Cross, which is helping the children of Europe, while at the same time it is doing an important work here at home. Kalitan Chetwof, who wears the engaging smile shown in this picture, is the son of an Indian guide and trapper. He is the youngest Junior living in the neighborhood of Juneau, Alaska—and he sends greetings to fellow Juniors of the United States.

## THE AMERICAN RED CROSS IN PEACE TIME

Every person mentally and physically able to do so should take the American Red Cross instruction in First Aid Treatment. It's a life-saver and a pain-saver on the farm; in the factory, on the street, at the office. In the home, wherever accidents may occur. Here's a young wife who inexpertly wielded a can-opener and received an ugly gash across her wrist from the jagged can lid. Mother was there, however, with the First Aid kit and Red Cross instruction, and probably prevented a case of blood poison by giving prompt and proper treatment before the doctor arrived.

LARRY SEMON

The Fourth Estate lost one of the cleverest cartoonists in the country when Larry Semon heard the call of the screen. What the newspaper readers lost the motion picture fans gained, for Larry is now the comedy king. He writes and directs all of his features and never imitates another. In "The Grocery Clerk" he introduces the slimming cat.
